

Circuit breaker Universal current 440 V DC 400 V AC 10kA, 2-pole, C, 13A

| Model   |                                      |
|---|--------------------------------------|
| product brand name  | SENTRON                              |
| product designation   | Miniature circuit breaker            |
| General technical data  |                                      |
| number of poles   | 2                                    |
| design of pole  | 2P                                   |
| tripping characteristic class   | C                                    |
| mechanical service life (operating cycles) typical                                  | 10 000                               |
| overvoltage category  | III                                  |
| degree of pollution   | 3                                    |
| Voltage   |                                      |
| type of voltage of the operating voltage  | AC/DC                                |
| insulation voltage (Ui)   |                                      |
| • at DC rated value   | 250 V                                |
| • with single-phase operation at AC rated value                                     | 440 V                                |
| • with multi-phase operation at AC rated value                                      | 440 V                                |
| operational current   |                                      |
| • at 40 °C rated value  | 12.38 A                              |
| • at 50 °C rated value  | 11.73 A                              |
| • at 55 °C rated value  | 11.38 A                              |
| • at 60 °C rated value  | 11.02 A                              |
| • at AC rated value   | 13 A                                 |
| Supply voltage  |                                      |
| supply voltage  |                                      |
| • at AC   | 400 V                                |
| • at DC rated value   | 440 V                                |
| value range of the supply voltage frequency   | 50/60 Hz                             |
| operating voltage at DC rated value maximum   | 500 V                                |
| Protection class  |                                      |
| protection class IP   | IP20, with connected conductors      |
| Breaking Capacity   |                                      |
| switching capacity current  |                                      |
| • at DC according to IEC 60947-2 rated value  | 15 kA                                |
| • according to EN 60898 rated value   | 10 kA                                |
| energy limitation class   | 3                                    |
| Dissipation   |                                      |
| power loss [W] for rated value of the current at AC in hot operating state per pole | 1.4 W                                |
| suitability for operation   | Infrastructure / Industry / Mobility |
